

"Embracing Our Humanity to Strengthen Our Divinity"

A step by step guide facilitated by Tereaz Scholze

We are reminded to be positive, to act "right"; to change our thoughts, to let go of resentment, to be One with God. Most of us try to do that, but then there are times it just feels impossible. What then? If you don't know, this 5 week class will teach you a step by step method on how to transmute and transcend the darkness and hang out more in the Light of God/Love.

This is not a quick fix class. It is the beginning of a deep and meaningful practice that will change you for the better and that you can use for the rest of your life.

About the Facilitator: Tereaz Scholze is an Ordained Interfaith Minister, Owner for 25+ years of Eden Healing Arts and Massage in Maryland, Unity by the Bay Chaplain, Wife, Mom and imperfect person! ☺. The challenges of child abuse, anger, depression and addiction in her life have developed a deep compassion in her, the ability to be kind, yet authentic and direct and driven her deeply into spiritual practices for many years. The one she will teach is, in her opinion, the most simple and transformative tool in her vast collection. **For more info on Tereaz: www.edenhealingarts.net**
