An Introduction to Eastern Religions and Traditions

Presenter: Phil Brentwood

The first of a 4-part series is a 90-minute session that explores the *Grandmother of Spirituality*. . . Hinduism. The session is enhanced by the backdrop of a multimedia presentation.

You will learn the true meaning of Sanskrit terms like: OM, Karma, Dharma, Sathya, Prema, Ahimsa, Shanti, Prana, and Moksha. Many misunderstandings will be clarified about this mysterious yet intensely rich belief system. Such subjects as reincarnation, non-violence, yoga and the constant quest for enlightenment will be addressed.

We will learn the oldest known prayer and what it means and we will experience how sound, chants, and music all play a critical role in creation.

You will come away from this session with a basic knowledge of this amazing tradition and hopefully see a direct correlation to the teachings of Unity.

My wife Chef Linda Vogler has agreed to prepare some snacks that follow with the theme of the material.

There is no charge for the session or the food as these are our gift to you we ask only that you leave a love offering to help offset the church expenses.
