

Unity by the Bay Prosperity Plus graduates share what they gained from this program:

Liz Clickner –“The Prosperity Plus™ lessons provided clear guidance as I developed my vision. The supportive atmosphere at the weekly classes helped me build confidence and determination to succeed. The program really works!!”

Gail McClain –“Prosperity Plus™ gave me a whole new outlook on how I view prosperity. It isn't just about money, it's about relationships period, including the one you have with yourself and with money. It taught me that prosperity comes in all shapes, sizes and forms. If one well dries up another will show up shortly bringing everything you need and then some. It can come from many different resources. Prosperity Plus changed my thinking and therefore, changed my life. Eternally grateful!”

Margaret Martin—“Prosperity Plus™ was life changing for me. It changed how I relate to money in a really positive way. I direct my money because I no longer allow money to prevent me from taking an action.”

Ann Ray—“I would have to say that taking Prosperity Plus™ was life-changing for me. Since I finished the first course, I have looked at giving and receiving much differently than before.”

Jill Kerr --"Prosperity Plus™ changed forever the way I think about money and really opened the door to abundance in my life."
